Customer Stories

- Due to a shortage of speech therapists in our area, our district hired O-Therapy, and we are very pleased with the quality of the therapy our students are receiving. All of the therapists provided by O-Therapy have been professional and have gone above and beyond in helping our students meet their IEP goals and objectives.

LET'S GET ACQUAINTED

Y. Daria Kirichenko has been a practicing psychologist since 2017. Curiosity and the search for cause-and-effect relationships in people's actions led me to this profession.

Before receiving special education, I read hundreds of books and took dozens of courses. This experience, as well as hours of personal therapy, made me understand that psychology is my calling and my life's work.

About us

ORBIT provides specialist counselling and psychotherapy to people affected by disability and life changing health issues.

Who we are?
Orbit was set up by Dr Spain in London to provide counselling and psychotherapy to people suffering from a disability. She recognised the need to provide therapy at zero or little cost to those with mental health issues.

What we do?
ORBIT helps disabled people and their family members/parents who are experiencing anxiety, depression, difficulties in relationships and other psychological health problems.

Support us
ORBIT is a charity (registration pending) and relies solely on donations and support. If you'd like to contribute, we will soon have a page where you can donate. Click below for more info.
